

THE GOVERNMENT
OF THE GRAND DUCHY OF LUXEMBOURG
Ministry of the Economy

Maritime Administration

Luxembourg, 18 June 2015

Circular CAM 04/2015

Subject: New Luxembourg regulation / new procedure

- 1) MLC 2006 certification of ships of 200GT and more;
- 2) Amended inspection check list for commercial yachts above 24m;

To : All Accredited Shipping Managers, ship owners, ship operators, Designated Persons Ashore, Recognised Organisations, Masters of Luxembourg flagged ships and Flag State Inspectors.

- 1) A new regulation on the mandatory MLC, 2006 certification of all ships of 200GT and more has been published and is in effect as of today (see attached).

The procedure for the certification is similar to the one for ships of more 500GT. This Luxembourg Maritime Administration is of course ready to provide further instructions or to answer additional questions on this procedure.

- 2) Additionally the Flag State Inspection checklist has been reviewed, this new revised checklist should be used as of today for all flag state inspections on board of Luxembourg flagged commercial yachts above 24m (see attached).
